

INVITE SIP TRUNKING

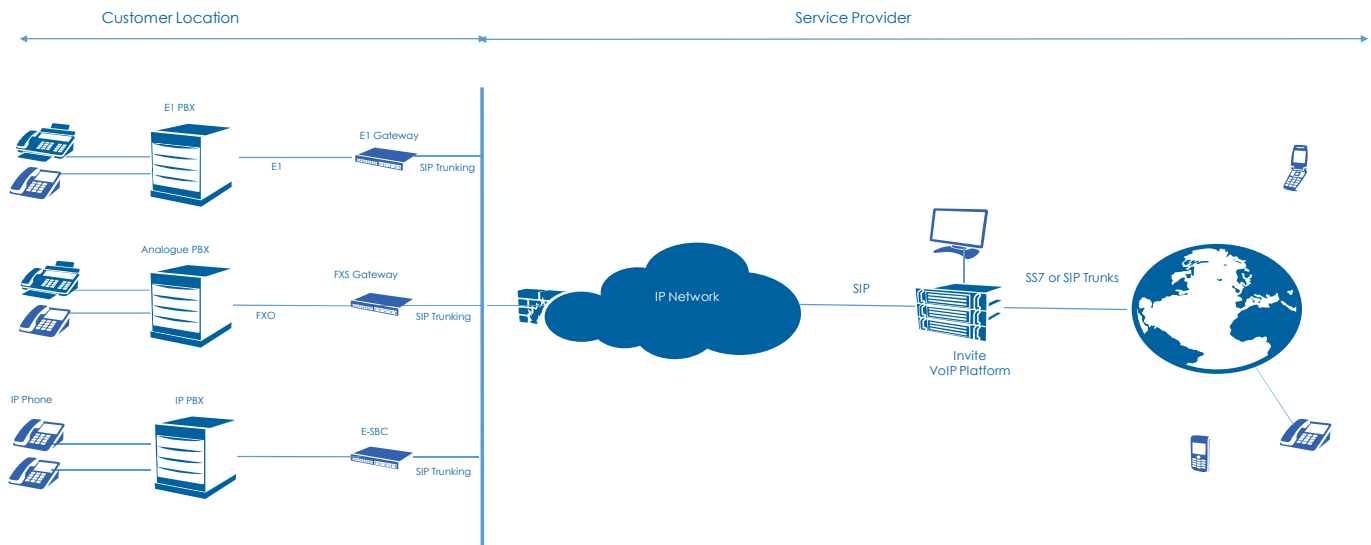

SAVES YOU A BUNDLE.

Overview

INVITE SIP Trunking brings next generation IP-based local and long distance calls directly to an office's existing phone system, saving companies time and replacement costs. In addition to saving customers money, INVITE SIP Trunking exceeds the level of call quality that businesses typically expect from their phone service provider.

SIP Trunking has proven to increase return on investment and save companies money on local and long distance calling. On top of that, Invite SIP Trunking can be purchased one at a time. This allows your business to scale up or down as needed, which can result in reduced costs. It enable customers to take the calls that are important to their business while filtering out the interruptions so they can stay focused on what's important – the clients.

How it works?
